

MJM

STRENGTHENING THE VALUE OF INSURANCE®

Corporate & Government Services

MJM Corporate Profile

As the complexity of risk expands at an ever-increasing pace, it demands a constant stream of innovative thinking.

MJM Corporate Services

MJM Corporate Services provides high level risk management and strategic anti-fraud consulting to leaders operating at the intersection of blue chip corporate clients, pre-eminent law firms and the insurance industry. Working with senior level management, MJM Corporate Services assists clients in becoming more competitive by making better, more informed strategic and tactical decisions with regards to fraud management issues.

MJM offers our clients insightful analysis of today's changing business climate and how it affects them. We specialise in:

- Fraud Investigations
- Risk Assessment & Management
- Technology Initiatives
- Undercover Operations
- Intellectual Property Investigations
- Copyright and Trademark Consulting
- Asset Recovery
- Employment Screening

By combining our analytic talents with a deep understanding of the industries we serve and the broader political and policy context, we have earned a reputation for offering business leaders actionable recommendations and solutions to the challenges they face. We are set apart by our dedication to quality, timeliness, and pragmatism which support prudent corporate governance and enhance commercial capability with valuable intelligence.

MJM Government Services

Governments today face a multitude of internal and external issues which often require the expertise of independent consultants such as MJM. Because of our experience and diverse service offerings we are able to provide a multi-level approach to a wide range of inquiries including probity investigations, internal fraud, forensic audits and internet crimes.

MJM Government Services supports a range of Australian public service decision-makers. We are recognised for our incisive work in areas ranging from benefit fraud detection to tax avoidance to international investigations. Our staff brings professional experience from law enforcement, military services, government, insurance, and other key industry sectors.

Our broad spectrum of government capabilities includes:

- Internal Fraud
- Forensic Audits
- Probity Investigations
- Undercover Investigations

Our team has a reputation for developing solutions that are timely yet thorough; creative yet empirical; and innovative yet practical.

High standards of investigation are necessary to ensure that people suspected of fraud or unethical or immoral behaviour are treated fairly and that the evidence found is enough to caution, penalise or prosecute those involved. We work closely with government departments to achieve consistent high standards across regions and to tackle the highly variable quality across local authorities.

FFounded in 1988, MJM is a world-class leader in providing an extensive range of investigative products and services to Insurers, Self-insured Corporations, Third Party Administrators and many of the nation's pre-eminent law firms. MJM focuses on delivering true value to its clients so that, collectively, there is an immediate advantage for all stakeholders.

The intrinsic value of MJM is in the range of customised business models and carefully designed programs that it offers each and every client. These models and programs utilise MJM's proprietary software programs, CaseTrak® and Viper21®.

As a client of MJM you will have access to quality, national and international field investigations, comprehensive SIU programs, strategic anti-fraud planning, innovative educational courses, extensive web based case management and a range of professional consulting services unmatched in the market today.
